

## COURSE LIMITATIONS FOR INCOMING EXCHANGE STUDENTS

**FLEXIBILITY IS THE KEY TO A SUCCESSFUL EXCHANGE at UNH:** We do our best to give you the courses you need and will work with you to provide a full schedule of classes (12-18 credits). However, some courses are closed to exchange students or space is extremely limited and therefore cannot be recommended. Be aware of the following limitations and check the UNH Courses website for prerequisites or restrictions for all courses. Students must provide a transcript as verification of prerequisites being satisfied. **Exceptions cannot be made. Please do not contact UNH faculty directly.** We are also unable to give an exchange student all four classes in one major or discipline. Flexibility is key to a smooth registration process. For questions, please contact the UNH Exchange Coordinator at: [national.student.exchange@unh.edu](mailto:national.student.exchange@unh.edu)

**444s:** All courses numbered 444 in all disciplines are closed to incoming exchange students

**ARTS:** Space in studio courses is extremely limited. Upper division courses closed.

**ATHLETIC TRAINING:** Closed

**BIOCHEMISTRY, MOLECULAR & CELLULAR BIOLOGY (BMCB):**

605 Eukaryotic Cell and Developmental Biology: Limited  
658/659 General Biochemistry: Limited

**BIOMEDICAL SCIENCE (BMS):** 503 General Microbiology: closed  
507/508 Human Anatomy & Physiology: limited

**BIOLOGY:** 411/412 Principles of Biology: limited  
541 General Ecology: limited
