

APPENDIX 3

UNIVERSITY OF NEW HAMPSHIRE (UNH) PREVENTION INNOVATIONS RESEARCH CENTER (PIRC): Engaged Scholarship with Local, State, and National Community Partners¹

Project Funder/s	Community Partners	Community Impact	PIRC Researcher and Practitioner Impact	Research assistants (Grad and undergrad)
Evaluation of Bringing in the Bystander® In Person Prevention Program: A Prevention Workshop for Establishing a Community of Responsibility US DOJ; Centers for Disease Control and Prevention (CDC); US Department of Defense	3 US universities and 2 US Military Posts	Evaluation demonstrating program was successful in improving attitudes, increasing knowledge, and producing positive pro-social behaviors. PIRC researchers experimentally evaluated effectiveness of program. First study to have found positive behavior changes as long as 1 year following educational workshop on engaging bystanders in preventing sexual and relationship violence. ²	8 PIRC researchers and practitioners involved; 15 scholarly publications in peer-reviewed journals; 1 book; 3 book chapters for scholars and practitioners; over 200 presentations at academic and practitioner conferences.	150 research assistants; 15 research assistant co-authors
Evaluation of Bringing in the Bystander® High School Curriculum CDC	30 public high schools across 3 New England states	In-progress implementation and evaluation of adaptation of PIRC's Bringing in the Bystander® program with high school youths.	5 PIRC researchers and practitioners involved. Cluster randomized control trial being conducted to test program's promotion of healthy relationships.	50 research assistants
Evaluation of Know Your Power Bystander® Social Marketing Campaign US DOJ, Office on Violence Against Women (OVW); CDC; US Department of Defense	3 US universities and 2 US Military Posts	The only evidence-based bystander social marketing campaign shown to be successful in improving student attitudes, increasing knowledge, producing positive pro-social behaviors between pretest, posttest, and four month follow-up. The campaign currently has 25 images and its logo appears on a number of collateral products.	8 PIRC researchers involved; 12 scholarly publications in peer-reviewed journals; 4 book chapters and publications for practitioners; 50 conference presentations.	40 research assistants; over 1000 members of the target audience (students and soldiers 18-24) have provided feedback
Overview, NSVRC Engaging Bystanders to Prevent Sexual Violence Packet NSVRC	National Sexual Violence Resource Center (NSVRC)	Overview summarizes bystander approach and highlights research on projects shown to be effective.	1 co-author on overview. Packet used by sexual violence prevention practitioners and educators around the globe.	1 research assistant
Sexual Assault in New Hampshire: Prevalence, Context and Consequences UNH: Office for Research and Public Service Outreach	NH Coalition Against Domestic and Sexual Violence (NHCADSV); NH DOJ; NH DHHS	Results from representative sample of women and men in NH; supported funding new and existing services; geared services more accurately to meet population needs and educate public about this critical issue.	4 PIRC researchers and practitioners involved; 4 scholarly publications; 3 public reports with team community members (see NHCADSV website); 20 articles written in the media about report; 20 conference presentations.	15 research assistants
The Reality of Sexual Assault in New Hampshire NH Office of the Attorney General	NH Office of the Attorney General, NH Governor's Commission on Domestic and Sexual Violence	Study results showed public misperceptions of sexual assault have great impact on the way adult female sexual assault cases move through CJ system; found only 3% of offenders were known to be convicted or pled guilty; used to inform and educate public about realities of sexual assault and negative consequences of misperceptions.	5 PIRC researchers and practitioners on the Research Committee; 1 evaluation report (see NHCADSV website).	4 research assistants
Mental Health Needs of Children Exposed to Violence in Their Homes NH Endowment for Health Planning Grant	New Hampshire Coalition Against Domestic and Sexual Violence	Results showed need for: more resources for children and families exposed to violence at home; including increased training, practitioner resources, and expansion of coordinated community responses; establishment of referral networks.	2 PIRC researchers and practitioners involved; 1 evaluation report (on NHCADSV website for related pieces); 1 poster.	6 research assistants; 3 co-authors on report and sitting at table with community partners
Open Doors to Safety US DHHS, Family Violence Prevention and Services Act	New Hampshire Coalition Against Domestic and Sexual Violence	Positive changes in advocates' knowledge, and behaviors regarding working with and helping clients with substance abuse problems, mental health issues, and effects of trauma.	3 PIRC researchers and practitioners involved; evaluation report to NHCADSV (see NHCADSV webpage); 1 presentation.	5 research assistants; 3 co-authors on report

APPENDIX 3 CONTINUED

Project Funder/s	Community Partners	Community Impact	PIRC Researcher and Practitioner Impact	Research assistants (Grad and undergrad)
Intensive Case Management for Family Members of Homicide Victims in Rural Areas US DOJ, Office of Victims of Crime	NHCADSV; NH DOJ Office of Victim/Witness Assistance	Evaluation noted need for more services for families of homicide victims and training of state mental health providers working with families; NH Office of the Attorney General contracted national experts to conduct training for NH community health agency providers.	3 PIRC researchers and practitioners involved; 1 peer-reviewed publication; 4 presentations; 1 evaluation report to NH Attorney General/OVC.	4 research assistants; 2 co-authored peer-reviewed publication
Preventing Sexual Violence Through a Comprehensive, Peer-Led Initiative: A Process and Outcome Evaluation CDC	South Dakota RPE sexual violence practitioners, educators, youth leaders, and tribal council.	The result from this project can be immediately disseminated (at no cost) to communities across the US who wish to implement and sustain a theoretically-grounded, multi-level, youth-led SV prevention initiative.	6 PIRC researchers and practitioners involved. Delineate "lessons learned" from practitioner, educator, youth, and researcher perspectives; data will improve future replication and scalability.	4 research assistants
Evaluation: "Creating Circles of Safety" for Higher Education Paterno Family Foundation; Stop It Now!	Stop It Now!; Pennsylvania State System of Higher Education	Results of assessment demonstrate the efficacy of "Circles of Safety" bystander-focused curriculum for preventing and ending child sexual abuse in higher education settings.	3 PIRC researchers and practitioners involved; 1 peer-reviewed article in-progress; 2 evaluation reports to Stop It Now!/PASSHE.	5 research assistants
UNH Resources for First-Year Students PIRC Researchers²	UNH: Residential Life and Student Academic Affairs and Services	Ongoing evaluation of the efficacy of the UNH WildActs theatre troupe's performance to new UNH students.	5 PIRC researchers involved; evaluation report to UNH in progress.	2 research assistants
The SEEDs Program: Women Survivors at the Intersection of Intimate Partner Violence, Addiction, and Recovery PIRC Researcher; US DOJ	National Advocacy and Training Network	Study reports on the intersection in a sample of 28 women and how factors of domestic and sexual assault, addiction, and recovery may impact personal recovery. In September 2016 awarded a DOJ grant to study a trauma-informed residential living program in Arizona for domestic violence victims struggling with addiction.	2 PIRC researchers involved; 1 report; peer-reviewed article in progress.	10 research assistants
10 Years of NH Sexual Assault Nurse Examiners (SANE) Data PIRC Researcher²	NHCADSV; NH Office of the Attorney General	Organized and analyzed 10 years of data collected from NH SANE to develop a profile of victims to improve the outreach of NH SANE program.	4 PIRC researchers and practitioners involved; 3 peer-reviewed publications with team community partner co-authors.	3 research assistants
Sexual Assault Response Team (SART) Project PIRC Researcher²	NH DOJ; NH Department of Corrections	Results revealed size of problem of sexual assault inside NH prisons and led to NH Dept. of Corrections (DOC) commissioner's decision 5 years ago to keep Prison Rape Elimination Act (PREA) position.	2 involved; presentation of executive summary to DOC PREA SART with team community member.	1 research assistant
Bystander Intervention Video Game US NIJ	Dartmouth College TiltFactor Lab	Project to adapt the main tenants of BITB and the Know Your Power® (KYP) Bystander Intervention Social Marketing Campaign to a bystander intervention videogame.	2 PIRC researchers; faculty at two other institutions; advisory board of campus administrators; law enforcement and advocate practitioners.	2 graduate research assistants and 10 undergraduate
Community Action Matter Initiative (CAMI) CDC	4 NH crisis centers	Upon completion of the evaluation, PIRC anticipates having expanded our field's understanding of how to best develop implement and evaluate community level interventions to prevent sexual violence.	4 PIRC practitioners and researchers to develop an evidence based model for implementing community level sexual violence prevention.	1 graduate and 4 undergraduate research assistants
Post Assault Study PIRC Researcher²	80 survivors of campus sexual assault ages 22-65	Pilot study launched to determine if women who were assaulted during their college career experienced negative impacts on their educational and career goals.	3 PIRC researchers; one paper under review; pilot study used to gather data to apply for larger grant funding.	5 graduate research assistants

¹ PIRC brings national and international attention to UNH; Media calls on PIRC for expert commentary and insight about prevention related to sexual and relationship violence and stalking news stories.

² PIRC Researchers' self-funded community outreach service.

APPENDIX 4

UNIVERSITY OF NEW HAMPSHIRE (UNH) PREVENTION INNOVATIONS RESEARCH CENTER (PIRC): Community Engagement Through Capacity Building with Local, State, and National Partners

Project Funder/s	Community Partners	Community Impact	PIRC Researcher and Practitioner Impact	Type of Assistance
Bringing in the Bystander® In-Person Prevention Program (BITB) Regional Trainings and Distribution of BITB Curriculum	500 colleges, universities, and community organizations	In 2015-2017 PIRC held 18 regional trainings with representatives from over 300 colleges, universities, and community organizations. BITB curriculum were disseminated to more than 500 colleges, universities, and organizations through 2017.	Develop individual and community prosocial bystander skills and knowledge for prevention of sexual and relationship violence and stalking.	Adaptation, administration, dissemination, and evaluation of campus prevention strategies.
Know Your Power Bystander® Social Marketing Campaign (KYP)	More than 75 colleges, universities, and community organizations through 2017	Distribution of customized KYP Social Marketing Campaign to support local campus and community sexual and relationship violence and stalking prevention efforts.	Promote and reinforce community level bystander skills and knowledge for prevention of sexual and relationship violence and stalking.	Adaptation and evaluation of campus prevention strategies.
Rape Prevention Education (RPE) Evaluation CDC, NH DHHS, NHCADSV	New Hampshire Coalition Against Domestic and Sexual Violence (NHCADSV), NH Department of Health and Human Services (NHDHHS)	Technical assistance (TA) provided to NHCADSV crisis centers on how to evaluate effectiveness of prevention efforts. Development of statewide sexual violence injury prevention surveillance system for the State of NH.	Build evaluation capacity, knowledge, and skill of advocates at 13 NH crisis centers, to enable centers to conduct program evaluation and client outcomes. Establish injury surveillance system for New Hampshire.	Crisis center, State of NH, and community technical assistance and capacity building.
uSafeNH PIRC, NH Charitable Foundation EFN AMP Award, Social Venture Innovation Challenge Award	24 NH colleges and Universities, NH Attorney General's Office, the NH State Police and the NH VAW Campus Consortium, NHCADSV	Project to develop an app to aid campus sexual assault victims and their supporters. The app includes campus and user-specific frequently asked questions, policy information, and a comprehensive list of campus, local, state, and national resources and is uniquely tailored to six different categories of users.	Practitioner-researcher partnership to develop new product to improve response to victims of sexual and relationship violence and stalking, improve survivor outcomes, and strengthen prevention.	Scholarship translation, technology transfer, and product development.
Campus Sexual Assault Policy and Prevention Initiative US Department of Health and Human Services, Office of Women's Health	US DHHS/OWH, NHCADSV, NH Office of the Attorney General (NHOAG), Community College System of New Hampshire and its 7 Community Colleges, Granite State College, NH Association of Campus Law Enforcement Administrators, APLU, the Grafton County Attorney	Three-year grant to provide TA, training, and support for 8 NH nonresidential and community colleges to develop and implement comprehensive plans for prevention of sexual assault, including: policies and practices that comply with federal Title IX, prevention/response strategies and practices, law enforcement/public safety, Sexual Assault Nurse Examiners, Sexual Assault Resource Teams, the NHCADSV and member crisis centers, and the students, faculty, and staff of the 8 institutions.	Build capacity, knowledge, and skill for program design, development, implementation, and evaluation of administrators and staff of 8 NH nonresidential and community colleges, to enable the institutions to develop and sustain comprehensive campus sexual and relationship violence and stalking prevention and response efforts and comply with federal regulations.	Capacity building, program and policy development and implementation, training, and technical assistance.

APPENDIX 4 CONTINUED

Project Funder/s	Community Partners	Community Impact	PIRC Researcher and Practitioner Impact	Type of Assistance
Campus Sexual and Relationship Violence and Stalking Prevention Consortium PIRC Researchers¹	3 New England (NE) colleges and universities (pilot year cohort)	Capacity building support for a cohort of college and university administrators/staff to support the development, implementation, and evaluation of prevention and response plans, policies, organizational development, tools, and frameworks to effectively address campus sexual and relationship violence and stalking.	Build capacity, knowledge, and skill for program design, development, implementation, and evaluation of administrators and staff at 3 NE colleges and universities, to enable them to develop and sustain comprehensive campus sexual and relationship violence and stalking prevention and response efforts.	Technical assistance, capacity building, and training.
US Army Sexual Harassment Rape Prevention (SHARP) Prevention and Training Department of Defense	US Army Combined Arms Center, Sharp Academy, Fort Leavenworth, KS	Revision of the Army's SHARP training courses.	Improvement of Army's SHARP training courses and resources.	Inclusion of evidence-based prevention in ARMY training programs.
Comprehensive Campus Sexual and Relationship Violence and Stalking Prevention Planning Ohio Alliance to End Sexual Violence; Ohio State Department of Higher Education	Ohio Alliance to End Sexual Violence, the Ohio Department of Higher Education, the Ohio Domestic Violence Network, Bravo-Ohio, Cleveland Rape Crisis Center, local researchers, and faculty	Design, coordination, and delivery of two-day, regional training events for over 200 faculty and administrators from 76 Ohio institutions of higher education for Ohio's Changing Campus Culture Initiative.	Build knowledge and skill of staff and faculty of Ohio institutions of higher education to enable schools to develop, implement, and evaluate plans and programs for prevention of campus sexual and relationship violence and stalking.	Training and capacity building.
Evaluation Institute CDC; NH Department of Health and Human Services	NHCADSV	Technical assistance provided to 4 NHCADSV crisis centers to evaluate effectiveness of prevention efforts by providing them with tools/knowledge to evaluate their existing and new programs.	Build evaluation capacity, knowledge, and skill of advocates at NH crisis centers, to enable 4 centers to conduct program evaluation and client outcomes.	Technical assistance, and training.
3, 3-year Campus Program Grants to Reduce Violent Crimes Against Women on Campus: Focus on Capacity building for police. US DOJ, OVW	UNH Police Department; Police Department, Town of Durham	PIRC designed violence against women trainings for UNH PD based on community of responsibility model; refined trainings, edited policies and operating procedures for full implementation; trained officers to offer Rape Aggression Defense trainings.	Build knowledge and capacity of UNH and Durham law enforcement for improved response to sexual violence.	Technical assistance, capacity building, and training.
BITB Listserv PIRC Researchers¹	PIRC BITB trainers and college/university administrators, staff, and community practitioners	Ongoing engagement with alumni of PIRC BITB training events to support a learning community among alumni through an email list of subscribers.	Build knowledge and capacity of BITB training participants.	Training and capacity building.

¹ PIRC Researchers' self-funded community outreach service.
