

## URC 2007 FACULTY MENTORS

| College of Engineering and Physical Sciences (CEPS) |                                     |
|---|-------------------------------------|
| Dale Barkey   | Chemical Engineering                |
| Christopher Bauer                                   | Chemistry                           |
| Per Berglund  | Physics                             |
| David Brown   | Geography                           |
| Michael Carter                                      | Electrical and Computer Engineering |
| William Clyde                                       | Earth Sciences                      |
| Charlie Cox   | Chemistry                           |
| Jo Daniel   | Civil Engineering                   |
| J. Matthew Davis                                    | Hydrogeology                        |
| Allen Drake   | Electrical and Computer Engineering |
| Ihab Farag  | Chemical Engineering                |
| Barry Fussell                                       | Mechanical Engineering              |
| Kevin Gardner                                       | Environmental Research Group        |
| David Gress   | Civil Engineering                   |
| Todd Gross  | Mechanical Engineering              |
| James Harper  | Physics                             |
| Frank Hludik  | Electrical and Computer Engineering |
| Jenna Jambeck                                       | Environmental Research Group        |
| Joel Johnson  | Earth Sciences                      |
| Richard Johnson                                     | Chemistry                           |
| Brad Kinsey   | Mechanical Engineering              |
| Joseph Klewicki                                     | Mechanical Engineering              |
| John Lacourse                                       | Electrical and Computer Engineering |
| Steven Lavery                                       | Chemistry                           |
| Joseph Licciardi                                    | Earth Sciences                      |
| Ernst Linder  | Mathematics and Statistics          |
| Jeffrey Melton                                      | Civil Engineering                   |

|  |                                 |
|--|---------------------------------|
| Glen Miller  | Chemistry                       |
| Roy Planalp  | Chemistry                       |
| Karsten Pohl   | Physics                         |
| Gerald Sedor   | Mechanical Engineering          |
| Donald Sundberg  | Materials Science               |
| May-Win Thein  | Mechanical Engineering          |
| Igor Tsukrov   | Mechanical Engineering          |
| Charles Zercher  | Chemistry                       |
| <b>Institute for the Study of Earth, Oceans, and Space (EOS)</b> |                                 |
| James Connell  | Space Science Center            |
| Charles Farrugia   | Space Science Center            |
| Antionette Galvin  | Space Science Center            |
| Erik Hobbie  | Complex Systems Research Center |
| Richard Lammers  | Complex Systems Research Center |
| Marc Lessard   | Space Science Center            |
| Mark McConnell   | Space Science Center            |
| Eberhard Moebius   | Space Science Center            |
| Barry Rock   | Complex Systems Research Center |
| Barkley Sive   | Climate Change Research Center  |
| Charles Smith  | Physics                         |
| Charles Vorosmarty   | Complex Systems Research Center |
| Cameron Wake   | Earth Sciences                  |
| <b>College of Health and Human Services (CHHS)</b>               |                                 |
| Lynette Ament  | Nursing                         |
| Brent Bell   | Kinesiology                     |
| L. Rene Bergeron   | Social Work                     |
| Rosemary Caron   | Health Management and Policy    |
| Joyce Capiello   | Nursing                         |
| Pam DiNapoli   | Nursing                         |
| Susan Fetzer   | Nursing                         |

|                                       |                              |
|---------------------------------------|------------------------------|
| Michael Fraas                         | Communication Disorders      |
| Gene Harkless                         | Nursing                      |
| Robert Jolley                         | Social Work                  |
| James Lewis                           | Health Management and Policy |
| Leslie MacLeod                        | Health Management and Policy |
| Robert McGrath                        | Health Management and Policy |
| Timothy Quinn                         | Kinesiology                  |
| Allison Sigler                        | Kinesiology                  |
| Barbara Prudhomme White               | Occupational Therapy         |
| Carol Williams-Barnard                | Nursing                      |
| <b>College of Liberal Arts (COLA)</b> |                              |
| Michael Andrew                        | Education                    |
| Michael Annicchiarico                 | Music                        |
| Brigitte Bailey                       | English                      |
| Victoria Banyard                      | Psychology                   |
| Jennifer Borda                        | Communication                |
| Andrew Boysen                         | Music                        |
| Marla Brettschneider                  | Political Science            |
| Cliff Brown                           | Sociology                    |
| Warren Brown                          | Political Science            |
| John Carney                           | Education                    |
| Pablo Chavajay                        | Psychology                   |
| Monica Chui                           | English                      |
| Grant Cioffi                          | Education                    |
| Ellen Cohn                            | Psychology                   |
| Margaret-Love Denman                  | English                      |
| Willem deVries                        | Philosophy                   |
| Paula DiNardo                         | Sociology                    |
| Lori Dobbins                          | Music                        |
| Robert Drugan                         | Psychology                   |

|                        |                     |
