Dear Campus Community Member:

This Campus Safety Alert is being distributed in accordance with the “Timely Warning” provision of the federal Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act of 1998. Campus Safety Alerts are distributed to the campus community when a Clery Act crime is reported to have occurred on or within a University owned or controlled facility or property that may represent a serious or continuing threat to the safety of the campus community. Even if the University does not have all the facts surrounding a reported criminal incident, distribution is required when pertinent details of a crime are reported to have occurred and an assessment of those details conclude the possibility of a serious or continuing threat. This message is being provided so that members of the University of New Hampshire can make informed decisions regarding their personal safety and/or assist in identifying an at-large suspect. As such, it may contain information of a graphic nature that could trigger emotional responses, in particular for victims/survivors of sexual assault/sexual violence. If you are a student and need emotional support, please reach out to Psychological and Counseling Services by calling (603) 862-2090 between 8am-5pm. Additional crisis support services can be reached by after hours by calling this same number and pressing 0 to speak with a counselor.
